# Setter/Hitter Camp

## SETTER/HITTER CAMP

JULY 11<sup>th</sup> - 13<sup>th</sup>, 2011

The Setter/Hitter Camp is a 3-night camp designed to improve the footwork, hands, armswing, and vision of each camper. This is a low-impact camp that consists primarily of group setting drills, hitting from a box, setting/hitting to targets, and light footwork drills. Each night there is a 1-hour overlap between setters & hitters in order to give a real-life application to the skills that have been practiced.

This camp is designed for any high school setter or hitter who wants to perfect their hands or armswing. The low-impact nature of this camp will allow athletes to compete effectively at their high school practice the following day.
